

ProBuilt Homes takes great pride in Building Better... for you. We are committed to quality and customer satisfaction. Here are what some of our past clients had to say about their ProBuilt experience.

Your houses sell themselves... We love the house so much we don't know if we'll ever move, but we'd definitely choose ProBuilt again!

- Rich & Robin L.

We enjoyed the building process. Unlike many builders, George actually listened to us and built to our wishes. We love our home.

- Mike & Jan W.

Working with ProBuilt was a wonderful experience! We enjoyed the customer service, quality and attention to detail. George Davis & John Johnson are a great team, and we enjoyed the working relationship that developed through the project. We are very happy with our decision to build with ProBuilt. We are very pleased with the house. We feel the construction and all the trade work is top notch. There is a big difference between your houses and the others that are going up. It has been a pleasure doing business with you, hope we can collaborate on a project in the future.

- Don & Irene M.

We had a great experience building with you. One thing they talk about at <work> is the "golden rule" – treat others as you'd want to be

treated... John, Joe and yourself really follow the Golden Rule too – I think that is what makes your company so good.

- Bob B. & Tammy S.

John's attentiveness and constant communication regarding the progress with the job continued to make us feel comfortable throughout the process all the while reinstilling our confidence and satisfaction working with ProBuilt Homes. Thank you very much for a job well done.

- Mark & Carla F.

After all the horror stories you hear, ProBuilt proved that there are truly quality, customer oriented builders still around. It was a pleasure dealing with George & all of his workers.
